PROFESSIONAL SUMMARY

Dedicated IT System & Network Engineer with 3+ years of experience in IT infrastructure, Network Administration, End User Computing (EUC), and System Administration. Skilled in Cisco networking, FortiGate firewalls, Microsoft 365, Windows Server, Active Directory, NAS storage, DHCP, DNS, VLANs, VPNs, and virtualization. Experienced in troubleshooting network and system issues, managing enterprise IT infrastructure, implementing security best practices, and delivering efficient L1/L2 technical support.

PROFESSIONAL EXPERIENCE

Network Engineer

Felix Infotech Pvt. Ltd. (Client: Greater Chennai Corporation), India **Oct 2024 – May 2026**

- Managed and maintained enterprise network infrastructure, including Cisco routers, switches, FortiGate firewalls, and VLANs.
- Administered Windows Server, Active Directory, DHCP, DNS, Group Policy, and Microsoft 365 services.
- Configured and managed QNAP and Synology NAS storage, shared folders, user permissions, backup, and storage management.
- Provided L1/L2 support by troubleshooting hardware, software, operating system, network, and user-related issues.
- Installed, configured, and supported desktops, laptops, printers, IP phones, and other endpoint devices.
- Configured, maintained, and troubleshot IP/Analog CCTV systems, including NVR/DVR management, camera installation, remote access, and backup of surveillance footage.
- Monitored network performance using SolarWinds and implemented security policies to improve infrastructure reliability.
- Configured VPN connectivity, network security policies, and performed routine system and network maintenance.
- Collaborated with vendors and internal teams to resolve infrastructure issues while ensuring SLA compliance.

Network Support Engineer

Ingle Corp , Kerala, India **Aug2022 – Sep 2024**

- Delivered L1/L2 IT support through remote, onsite, and phone support, ensuring timely incident resolution and SLA compliance.
- Installed, configured, and supported Windows desktops, laptops, printers, IP phones, and other endpoint devices for end users.
- Administered Microsoft 365, Active Directory, Group Policy, user accounts, Exchange Online, Outlook, Teams, and OneDrive.
- Configured and troubleshot TCP/IP, DNS, DHCP, VPN, LAN/WAN, Wi-Fi, and network devices including routers, switches, firewalls, and wireless access points.
- Performed Windows OS installation, software deployment, patch management, antivirus administration, and endpoint security management.
- Assisted in IT infrastructure deployments, office relocations, asset management, technical documentation, and vendor coordination.
- Monitored system and network performance, resolved hardware, software, and connectivity issues, and provided end-user guidance to ensure smooth IT operations.

CORE COMPETENCIES

- IT Infrastructure Management
- Firewall Management
- Network Security
- System Administration
- Technical Support
- Incident Management
- Network Monitoring
- Microsoft 365 Administration
- End User Computing (EUC)

KEY ACHIEVEMENTS

- Successfully managed enterprise IT infrastructure, including systems, networks, and end-user computing environments.
- Implemented and maintained secure Cisco and FortiGate network infrastructure to ensure reliable connectivity.
- Delivered efficient L1/L2 technical support while consistently meeting SLA targets and improving end-user satisfaction.
- Administered Microsoft 365, Active Directory, Windows Server, and core network services to support daily business operations.
- Improved infrastructure stability through proactive monitoring, preventive maintenance, and effective incident resolution.

EDUCATION

- **Bachelor's Degree**
  Rabindranath Tagore University | 2021
- **Higher Secondary Education (Class XII)**
  State Board, Kerala | 2016

TECHNICAL SKILLS

- Network Infrastructure: Cisco Routers & Switches, TCP/IP, IPv4/IPv6, VLAN, Inter-VLAN Routing, STP, EtherChannel, OSPF, EIGRP, Static Routing
- **System Administration:** Windows Server, Active Directory, Group Policy, Microsoft 365, Entra ID, Windows 10/11
- **End User Computing (EUC):** Desktop & Laptop Support, OS Installation, Software Deployment, Printer Support, Remote Support, Endpoint Troubleshooting
- **Network Security:** FortiGate Firewall, pfSense Firewall, VPN, NAT, ACL, Port Security
- **Storage & Backup:** QNAP NAS, Synology NAS, Shared Storage, User Permissions, Backup & Restore
- **Network Services:** DHCP, DNS, VPN, Microsoft 365, Outlook, Exchange Online, Teams, OneDrive
- **Monitoring & Troubleshooting:** SolarWinds, Wireshark, Ping, Traceroute, Remote Desktop

CERTIFICATIONS

- Cisco Certified Network Associate (CCNA) – 2024
- Fortinet NSE 1 – 2023
- Network Administrator Training – IW Campus
